### STATEMENT OF FACTS

The Water System is classified as a transient noncommunity public water system with a population of 52, serving 11 connections.

Pursuant to Section 116530 of the CHSC, the Water System must submit a technical report to the State Water Board when requested. The State Water Board has established a requirement for public water systems to annually submit a technical report specifying contact and operational information for the prior calendar year. On March 17, 2017, the State Water Board sent to all public water systems an email notification that the Annual Report for Calendar Year 2017 was due to be submitted by June 1, 2018. This notice also included instructions on how to submit the report electronically to the State Water Board. The Water System failed to submit the report by the due date. On June 28, 2018, the State Water Board sent a notice to the Water System that its 2017 Annual Report was past due. As of the date of this Citation, the State Water Board has not received the report from the Water System.

**DETERMINATION**

The Water System has failed to submit an electronic Annual Report for the Calendar year 2017. Consequently, the State Water Board has determined that the Water System violated CHSC, Division 104, Part 12, Chapter 4, Article 7, Section 116530.

**DIRECTIVES**

The Water System is hereby directed to take the following actions:

1. By **February 28, 2019** complete an Annual Report for 2017 and submit it to the State Water Board at <http://drinc.ca.gov/ear> in accordance with the instructions provided in the notice contained in Appendix 2.

All submittals required by this Citation, with the exception of the 2017 Annual Report, shall be electronically submitted to the State Water Board at the following address. The subject line for all electronic submittals corresponding to this Citation shall include the following information: Water System name and number, citation number and title of the document being submitted.

[dwpdist23@waterboards.ca.gov](mailto:dwpdist23@waterboards.ca.gov)

The State Water Board reserves the right to make modifications to this Citation as it may deem necessary to protect public health and safety. Such modifications may be issued as amendments to this Citation, and shall be deemed effective upon issuance.

Nothing in this Citation relieves the Water System of its obligation to meet the requirements of the California SDWA (CHSC, Division 104, Part 12, Chapter 4, commencing with Section 116270), or of any regulation, standard, permit or order issued or adopted thereunder.

**PARTIES BOUND**

This Citation shall apply to and be binding upon the Water System, its owners, shareholders, officers, directors, agents, employees, contractors, successors, and assignees.

**SEVERABILITY**

The directives of this Citation are severable, and the Water System shall comply with each and every provision thereof, notwithstanding the effectiveness of any other provision.

**FURTHER ENFORCEMENT ACTION**

The California SDWA authorizes the State Water Board to: issue a citation or order with assessment of administrative penalties to a public water system for violation or continued violation of the requirements of the California SDWA or any regulation, permit, standard, citation, or order issued or adopted thereunder including, but not limited to, failure to correct a violation identified in a citation or compliance order. The California SDWA also authorizes the State Water Board to take action to suspend or revoke a permit that has been issued to a public water system if the public water system has violated applicable law or regulations or has failed to comply with an order of the State Water Board, and to petition the superior court to take various enforcement measures against a public water system that has failed to comply with an order of the State Water Board. The State Water Board does not waive any further enforcement action by issuance of this Citation.
